

Poster Presentation

Poster Code	Poster Presenter	Topic
1	Somayeh Alimohammadi, Pezhman sasanpour	The Effect of Sensing Electrode on Neural Excitation and Electric Fields in Cochlear Implant
2	<u>Kaveh Rezania</u>	Preverbal Skills in Children with Cochlear Implant
3	<u>Parhizgar , Mohammadreza</u>	Role of Cochlear Implant on General Studies of Fars Children
4	<u>S.B.Hashemi</u> , S.Monabati, L.Monshizadeh	The impact of learning lip reading before cochlear implantation on child's auditory perception after surgery
5	Saleh Mohebbi, Marjan Mirsalehi, Lüder Alexander Kahrs, Thomas Lenarz, Omid Majdani	Experimental Visualisation of Human labyrinth with Optical Coherence Tomography
6	Elnaz Dabiri , Somaye Hamidnezhad	The effec of whole word method on MLU of 3 to 6 years old children with cochlear implant having normal IQ

7	<u>Narges Torkeladani</u> , Solmaz Rabiei, Meymaneh Jafari, Asefeh Memarian, Saeide Saadati	Comparison of psychological well-being in mothers of children with hearing aid and cochlear implant
8	Seyed Basir Hashemi, Kobra Safarpour, Maryam Abed ,Masume Hosseini	Telephone Use and Influencing Factors in Cochlear Implant Children
9	Abed, M. Hashemi S.B. Shishegar, M. Zarei, K.	Telecommunication in Cochlear Implant users
10	Seyed Basir Hashemi, Afsaneh Khalili, Sara Farahnezhad Fard, Maryam Abed	Language skills in cochlear implant receptions with motor developmental delay
11	<u>Seyyedeh Maryam Fazaeli</u> , Faezeh Sadat Hosseini, Roya Mahdie	Appraisal of Grammatical Comprehension in Preschool Children with Cochlear Implant
12	Abed, M. Hashemi, S.B. Faramarzi M.	Prevalance of consanguinity in Fars Cochlear Implant children's parents
13	Amir pursadegh,parisa zare,afarin akhondi,aida ariafar,dr masud naderpur	Comparison of formant frequencies of six vowels (a,u,i,e,o,ae) in children using cochlear implant (CI) with normal-hearing children who are exposed to two languages(Azerbaijani and Persian)

14	Aida Ariafar,Afarin Akhondi ,Dr. Masud Naderpur	Comparison of age of C.L in improvement of speech intelligibility and speech perception
15	Parisa Zare,amir pursadegh,afarin akhondi,aida ariafar,dr masud naderpur	Review of Cochlear implant speech &language results in children with additional disabilities
16	Afarin Akhondi,zahra karbalae,farshad behruzi,aida ariafar,dr masud naderpur	Effect of cochlear implantation age on development of speech and hearing skills in realworld situation with MUSS & MAIS
17	Afarin Akhondi,Zahra karbalae,aida ariafar,dr masud naderpur	Study of Relationship between auditory development and phonological awarness skills in implanted children
18	Saki Nader, <u>Karimi Majid</u> , Nikakhlagh Soheila	Cortical auditory evoked potentials maturation in children with cochlear implant
19	Saki Nader, <u>Karimi Majid</u> , Nikakhlagh Soheila	Prediction of hearing thresholds using Cortical auditory evoked potentials in adults with cochlear implant
20	Soheila shayanmehr	Accuracy of cochlear implant recipients on music perception and the potential role of music training

21	<u>Emadi M</u> , Motesaddi zandi M, khorsandi Ashtiani MT,	Evaluation of vestibular function following cochlear implant surgery
22	<u>Nazanin Mahboubi</u> , Farzad Moubedshahi	Gross report of operated patients with Sophono in Iran within 3 years
23	<u>Vahid Moradi</u> , Majid Karimi, Hesam Emamjome	How can the audiologist verify a cochlear implant function? An amazing objective test
24	Motasaddi ,M .Alemi,R. Ahzan,N. Mubedshahi F.	Cochlear Implantation in Fractured Temporal Bone
25	Saeid.Hassanzadeh, Fatemeh Nikkhou.	Study of Efficiency of Navayesh Parent-Based Comprehensive Rehabilitation Program on Development of Early Language and Communication Skills of Deaf Children Aged 0-2 Years
26	Saeid Hassanzadeh,	Aural rehabilitation for cochlear implanted infants: methods and approaches
27	<u>Peyman Zamani</u> , Masoud Motasaddi Zarandy, Farzad Moubedshahi	The narrative-based language intervention (NBLI) in deaf children who cochlear implanted: A literature review

28	Sareh Shirvani, Zahra Jafari, Masoud Motesadi Zarandi, Shohre Jalaie	Emotional Perception of Music in Children with Unilateral Cochlear Implants
29	Mohammad Majid Oryadi-Zanjani, Maryam Vahab, Mozhdeh Bazrafkan, Asghar Haghjoo	Audiovisual Spoken Word Recognition as a Clinical Criterion for Sensory Aids Efficiency in Persian-Language Children with Hearing Loss
30	Maryam Vahab, Mohammad Majid Oryadi-Zanjani, Suzanne C. Purdy, Javad Rasouli, Mahla Vasfinia, Zohreh Lotf	Translation and adaptation of the ABEL - Auditory Behavior in Everyday Life - questionnaire into Persian
31	Maryam Vahab, Mohammad Majid Oryadi-Zanjani	Oral language skills in Iranian hearing-impaired pupils in special primary schools
32	<u>KAVE REZANIA</u>	Cochlear Implant in Multiply Handicapped Children: A Review of the Literature
33	Delphi, Maryam.	Working Memory anticipation Speech and Language in Cochlear Implant users
34	Delphi, Maryam.	Improvement Speech-in-noise perception in cochlear implant users: strategies and mechanisms

35	<u>Hossein Namvar Arefi</u>	Emotional Speech and Cochlear Implant Users: A Review of the Research
36	<u>Sare Abdollahi</u> , Mandana Nurbakhsh, Basir Hashemi, Shapur Haghju	The Influence of Primary School Education on the Voice Onset Time (VOT) of Plosives in Cochlear Implant Recipients
37	<u>Zahra Jeddi</u> , Atta Heidari, Maryam Ramezani, Zhaleh Samadi	Variability of spoken language performance in children with cochlear implant: the role of working memory
38	<u>Razie Moeeni</u> , Ahmadreza Nazeri	Auditory rehabilitation in children with auditory neuropathy spectrum disorder : cochlear implants versus hearing aids.
39	AlirezaGolchinNamdari, <u>Somayeh Falahzadeh</u> , Adel Gholami Nezhad,	Using robotic systems in cochlear implant surgery: A systematic review
40	Elnaz Shariatpanahi, Farhad farahani,	Cochlear implantation in bilateral sudden sensory neural hearing loss accomplished by bilateral chronic otitis media: management of a challenging case.
41	Farhad Farahani, Elnaz Shariatpanahi,	How we do it: Reinsertion of the nucleus contour cochlear implant. A helpful technique salvaging the cochlear implant device

42	Farhad Farahani, Elnaz Shariatpanahi,	Rate of complications of cochlear implantation in besat hospital, Hamadan University of medical science in the west of Iran
43	Adel Gholami Nezhad, <u>Somayeh Falahzadeh</u> , Alireza Golchin Namdari,	Tonotopic manner of multi-channel cochlear implant
44	Simin Soleimanifar, <u>Zahra Jafari</u> , Masoud Motassadi Zarandi,	Validity and Reliability of “Parental Attitudes of Various Aspects of Cochlear Implantation” Questionnaire
45	Simin Soleimanifar, <u>Zahra Jafari</u> , Masoud Motassadi Zarandi, Houman Asadi, Hamid Haghani	Relationship between the Intelligence Quotient and Musical Abilities in Children with Cochlear Implantation
46	Tayarani Niknezhad H., Sharifi SH., Ghasemi M.M.	The Effectiveness of Auditory-Verbal Music Play Therapy on language Skills of Hearing Impaired Children with Hearing Aids
47	M.Sepehrnejad, M.H.Nilforoush,S.H.R.Abtahi, Z.Borhani, S.Kiani	Auditory skills checklist in cochlear implant children
48	M.H.Nilforoush,M.Sepehrnejad,S.H.R.Abtahi, Z.Borhani.S.Kiani	Sound Quality in Cochlear implant users; a questionnaire study

49

Ali mehbodi, Seyed Basir Hashemi,
Mehri Safari, Hajar Behrangfar

A comparison between the strategies used by Cochlear Implant
Children and their Normal Hearing counterparts in learning
English
